7 November 2017

Lord Mayor, Sue Hickey  
Hobart City Council  
GPO Box 503  
HOBART 7001

Dear Mayor

Thank you for the copy of the Derwent Ferry Forum report. I disagree that a good tourist suitable vessel is not able to also be a commuter vessel. Indeed a good tourist vessel should have the same facilities provided as a commuter vessel.

The remainder of the study I generally agree with and I wait now for the go ahead to build and set up the various dock facilities suitable for use by both commuters and visitors alike.

In the meantime should your team require any further information for the next stage of consultation with other Councils please feel free to contact me.

With kind regards  
Robert
