Aldermanic Use Only: As presented to Council by Alderman Signed:

We the Undersigned:

Perceive Alderman Anna Reynolds has demonstrated bias against all matters relating to the Cable Car proposal by:

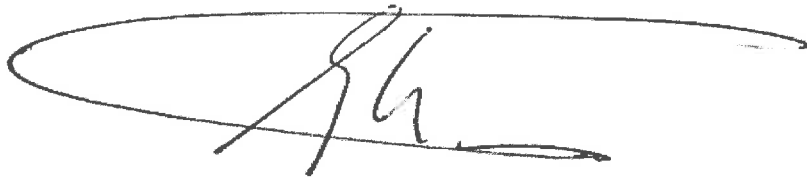

- Attending several No Cable Car rallies and public meetings between 2014 and 2018, of which she addressed attendees at two, and
- Has a policy of no development at the Pinnacle, including making a submission to the WPMT on the issue, and
- Presiding over a Parks & Recreation committee meeting on August 9th 2018 as Chair in which she failed to declare the above conflict of interest, and
- Allowed a motion without notice to be tabled at that committee meeting from another Alderman who also failed to declare a conflict of interest, and
- Making derogatory and unqualified comments about the cable car development online and in the media,

has made it abundantly clear she is of a closed mind, fixed in view on the matter both specifically and generally, and not fit to perform her duty as Alderman on this matter in the capacity of 'landlord' or 'planning authority' objectively. We believe such actions are in clear breach of the Aldermanic Code of Conduct and cast the entire Hobart City Council into disrepute.

We call on Anna Reynolds to adhere to the *Aldermanic Code of Conduct* by excusing herself from all votes regarding the matter.

I, Graham Anthony Murray,
of 34 Chippendale Street Claremont Tasmania 7011,

Certify that the statement of the subject matter and the
action requested, as set out at the beginning of the petition
has not been changed.

We the Undersigned:

Perceive Alderman Anna Reynolds has demonstrated bias against all matters relating to the Cable Car proposal by:

- Attending several No Cable Car rallies and public meetings between 2014 and 2018, of which she addressed attendees at two, and
- Has a policy of no development at the Pinnacle, including making a submission to the WPMT on the issue, and
- Presiding over a Parks & Recreation committee meeting on August 9th 2018 as Chair in which she failed to declare the above conflict of interest, and
- Allowed a motion without notice to be tabled at that committee meeting from another Alderman who also failed to declare a conflict of interest, and
- Making derogatory and unqualified comments about the cable car development online and in the media,

has made it abundantly clear she is of a closed mind, fixed in view on the matter both specifically and generally, and not fit to perform her duty as Alderman on this matter in the capacity of 'landlord' or 'planning authority' objectively. We believe such actions are in clear breach of the Aldermanic Code of Conduct and cast the entire Hobart City Council into disrepute.

We call on Anna Reynolds to adhere to the Aldermanic Code of Conduct by excusing herself from all votes regarding the matter.
