Bernadette O'Brien	Australia	2019-04-24	I'm signing this petition & not Brian's. I believe the wording in his preamble did NOT accurately represent the true overwhelming support of the amended motion by those present.
Sharon Keady	Australia	2019-04-24	Hobart doesn't need tall buildings or 5G.
Anne Morris	Hobart, Australia	2019-04-24	It is important to retain the unique character of Hobart and that means not allowing buildings that are no higher than 45 metres!
Greg Cawthorn	Australia	2019-04-24	Development should never be at the cost of what makes a city unique. Hobart's heritage and beauty is it's greatest asset for lifestyle and tourism. It need to be protected before it's too late.
Ian Ritchard	Australia	2019-04-25	It takes away doubt for developers and those thinking of purchasing property in central Hobart. It also makes decision making for Council
Phil Tapper	Mount Stuart, Australia	2019-04-27	The heritage face of Hobart that is so important to our continued attraction as a tourist destination is continually being eroded through poorly defined standards, poorly enforced. A decent Heritage Plan for the city (and the state) needs to be developed and supported by local and state government bodies, including a continuance of 45 metre high rise limit to be properly enforced.
Margaret Blow	Australia	2019-04-27	I'm signing this petition because the integrity of Hobart as a small iconic city is at stake - and to permit higher buildings would be to destroy the heritage and personality of our own city - who wants to live in boring shopping mall instead of an iconic small city ?? Act NOW !!
Barbara Edwards	Australia	2019-04-27	I agree that building heights in Hobart should be capped at 45 metres.
Sally Davis	Hobart, Australia	2019-04-27	Please do not go any higher in Hobart CBD
Tamzin Dean	Australia	2019-04-29	We don't need to be like other states let's be unique and not have skysrises, it will make our city dark and drap we need the sun and to be able to see the sky
caroline amos	hobart, Australia	2019-04-29	Keep Hobart culturally relevant. Modern but repectful of its unique heritage. Dont turn it into mini Singapore!
Jo Cleveland	Bellerive, Tasmania, Australia	2019-04-29	I couldn't think of anything much worse than our beautiful city of Hobart, spoiled with high rise buildings.
Robert Carmichael	Australia	2019-04-29	I do not want Hobart to look more like Melbourne or Sydney

Name	Location	Date	Comment
Trish Richers	Australia	2019-04-29	I'm signing because I have seen what happens elsewhere when high rises get built.
judith carter	Australia	2019-04-29	Hobart is a unique and magical City and it needs to keep a cap on the height of buildings to maintain it's integrity
Margaret Gardner	Australia	2019-04-29	Hobart needs to retain its heritage. Such a beautiful place. Let's not allow greed to ruin it as we have done in so many other cities.
Nancy Chapman	Australia	2019-04-30	I do not like the idea of Hobart's uniqueness as a capital city being compromised
Kaye Hergstrom	Australia	2019-04-30	Let's maintain the cultural and visual heritage of beloved Hobart! Stand up to big money- it is worth it!
Chando Steiner	Hobart, Australia	2019-05-01	Hobart is a pleasant city without the dark windy tunnels created by highrise buildings. We don't need them here.
N A	Perth, Western Australia, Australia	2019-05-02	With all do respect for tall people like myself, we can't keep having to stumble across places that are not fit for tall people/that makes certain people look huge/stuff and places that are property of Elves.
Sally McGushin	Hobart, Australia	2019-05-03	The mountain and river add to the character and colour of Hobart; however if these can no longer be seen in the city, except from the top of the tallest buildings, Hobart will soon become quite soulless. The visitors and investors who are attracted by our natural State will go elsewhere and after that, one fears, our residents may follow.
Maria Suzanna Potma	Australia	2019-05-04	I care about our heritage city in its beautiful location. The consequences of high rise buildings now, will destroy the scale and charm permanently.
John Doak	Penguin, Australia	2019-05-04	Limit this idiotic perception of building design
Ruth Temple-Smith	Australia	2019-05-05	45 metres is adequate.
Madhu Lilley	West Hobart, Australia	2019-05-06	I'd like to oroctect the heritage buildings and ambience of Hobart city.
Robin Goodram	Australia	2019-05-16	This is the most appropriate maximum height for our city.Hobart is a little city - and this is a large part of its charm. It is vital that any developments respect its scale.
