social, environmental and economic outcomes for the

Hobart community.

**Creativity and** 

We embrace new approaches and continuously improve to Innovation

achieve better outcomes for our community.

**Accountability** We work to high ethical and professional standards and

are accountable for delivering outcomes for our

community.

### ORDER OF BUSINESS

Business listed on the agenda is to be conducted in the order in which it is set out, unless the committee by simple majority determines otherwise.

#### **APOLOGIES AND LEAVE OF ABSENCE**

1.	CO-OPTION OF A COMMITTEE MEMBER IN THE EVENT OF A VACANCY	4
2.	INDICATIONS OF PECUNIARY AND CONFLICTS OF INTEREST	
3.	TRANSFER OF AGENDA ITEMS	4
4.	REPORTS	5
	4.1 Elected Member Policies	5
	4.2 2020/21 Capital Works Plan	. 32

Special Joint Meeting of All Council Committees (Open Portion) held Monday, 24 February 2020 at 4:00 pm in the Lady Osborne Room, Town Hall.

COMMITTEE MEMBERS Apologies:

Deputy Lord Mayor Burnet

Zucco

Briscoe Leave of Absence: Sexton Councillor W Coats.

Thomas

Harvey

**Behrakis** 

Dutta

Ewin

Sherlock

Coats

#### **NON-MEMBERS**

Lord Mayor Reynolds

### 1. CO-OPTION OF A COMMITTEE MEMBER IN THE EVENT OF A VACANCY

#### 2. INDICATIONS OF PECUNIARY AND CONFLICTS OF INTEREST

Ref: Part 2, Regulation 8(7) of the Local Government (Meeting Procedures) Regulations 2015.

Members of the Committee are requested to indicate where they may have any pecuniary or conflict of interest in respect to any matter appearing on the agenda, or any supplementary item to the agenda, which the Committee has resolved to deal with.

#### 3. TRANSFER OF AGENDA ITEMS

Regulation 15 of the Local Government (Meeting Procedures) Regulations 2015.

A Committee may close a part of a meeting to the public where a matter to be discussed falls within 15(2) of the above regulations.

In the event that the committee transfer an item to the closed portion, the reasons for doing so should be stated.

Are there any items which should be transferred from this agenda to the closed portion of the agenda, or from the closed to the open portion of the agenda?

#### 4. REPORTS

4.1 Elected Member Policies File Ref: F20/20089

Memorandum of the General Manager of 20 February 2020 and attachments.

Delegation: Council

#### MEMORANDUM: JOINT MEETING OF ALL COUNCIL COMMITTEES

#### **Elected Member Policies**

The purpose of this report is to present three draft policies relating to Elected Members for consideration by the Committee and endorsement by the Council.

An elected member workshop was conducted on February 4<sup>th</sup> 2020 to discuss a range of issues, including elected members communications, Council Committees, and elected members work health and safety and issues resolution.

The following policies have been drafted for consideration by the Committee:

- Elected Member Behaviour:
- Elected Member Issues Resolution; and
- Elected Member Fitness to Undertake Duties.

The content is based around the extensive and detailed content within the City of Melbourne's legislated Code of Conduct, prepared in accordance with the *Local Government Act 1989* and *City of Melbourne Act 2001*.

In respect to the Hobart City Council, its Code of Conduct which is legislated under the *Local Government Act 1993* and must be adopted by all Tasmanian councils, articulates the acceptable behaviours of local government councillors and provides the legal avenue for recourse in situations where there may be a perceived breach of the Code.

In the interests of maintaining good governance of our capital city and earning the highest level of confidence in our elected members from our community, it is desirable to supplement the Code of Conduct by articulating the principles and behaviours valued by the Hobart City Council, and their inter-relationship with Council's strategic framework including our Strategic Plan, mission, values and good governance principles.

Further, agreement of the Council to a suite of policies which operate under a collegial rather than legislative approach, demonstrates the commitment by the Council to the value of sound relationships and working within a co-operative and respectful environment.

#### RECOMMENDATION

That the Council endorse the following draft policies, as attached:

- 1. Elected Member Behaviour;
- 2. Elected Member Issues Resolution; and
- 3. Elected Member Fitness to Undertake Duties

As signatory to this report, I certify that, pursuant to Section 55(1) of the Local Government Act 1993, I hold no interest, as referred to in Section 49 of the Local Government Act 1993, in matters contained in this report.

N D Heath

**GENERAL MANAGER** 

Date: 20 February 2020

File Reference: F20/20089

Attachment A: Draft Elected Member Behaviour Policy U

Attachment B: Draft Elected Member Issues Resolution Policy &

Attachment C: Draft Elected Member Fitness to Undertake Duties Policy \$\Bar{\psi}\$

### **Policy**

Title: Elected Member Behaviour

Category: Corporate Governance

Date Last Adopted:

#### 1. Overview

The Local Government Act 1993 (the Act) requires the Minister responsible for local government to prepare a Code of Conduct which applies to all elected representatives in Tasmania.

The Code articulates the acceptable behaviours of local government councillors and provides the legal avenue for recourse in situations where there may be a perceived breach of the Code.

In the interests of maintaining good governance of our capital city and earning the highest level of confidence in our elected members from our community, the Hobart City Council has endorsed this Elected Member Behaviour policy as a complimentary document to the Code of Conduct.

The policy expands upon the Code by linking required behaviours with Council's strategic framework including our Strategic Plan, mission, values and good governance principles.

The policy is part of a suite of documents specifically prepared for elected members in support of their roles and functions as community leaders, including:

- Code of Conduct
- Elected Member Development and Support Policy;
- Elected Member Fitness to Undertake Duties Policy
- Elected Member Issues Resolution Policy
- Meeting Procedures Policy

Regular training and development will be provided to elected members to ensure awareness and adherence to the Code of Conduct and elected member policies.

#### 2. Purpose

The purpose of this policy is to set out the principles, values and behaviours that the Council has agreed upon as appropriate for the conduct of each of its elected members in undertaking their roles and functions, in accordance with the Code of Conduct and the *Local Government Act 1993*, (the Act).

The policy is intended to promote conduct by elected members which builds public confidence in the integrity of our capital city council and supports and fosters productive and effective working relationships between elected members, employees of Council and members of the community.

#### 3. Scope

This policy is an extension of the Code of Conduct and aligns with the Hobart City Council's mission to work together to make Hobart a better place for the community.

As custodians of a capital city council, elected members hold unique and important leadership roles within Tasmania and are expected to set a benchmark of excellence.

In order to maintain public confidence in the effective and responsible governance of the City of Hobart, this policy reflects standards of behaviour which are acceptable within our society.

Where, in the opinion of an elected member, behaviour may not meet the standards of the Code of Conduct or reflect the requirements of this policy, informal issues resolution is addressed in Council's policy titled 'Elected Member Issue Resolution'.

In the event that an informal process cannot provide a resolution to a real or perceived breach, the "Code of Conduct" provides the legal avenue for recourse.

In circumstances involving a breach of other relevant legislation, alternative legal action may be appropriate.

#### 4. Application

This policy applies to the conduct and behaviour of elected members towards their fellow elected members, Council employees and community members, whilst performing the functions and exercising their powers of office with the Council, in accordance with the definitions of the role of mayors, deputy mayors and councillors, set out in s27 and 28 of the Act.

For the purposes of this policy, the term elected member includes the Lord Mayor, the Deputy Lord Mayor and all other elected members of the Hobart City Council, except where the context otherwise indicates or requires.

#### 5. Policy Principles

As community leaders, Hobart City Council elected members hold a position of significant responsibility and are expected to undertake their roles and functions in a manner which adheres to the highest standards of behaviour and demonstrates good governance in discharging their duties.

The publication *Good Governance Guide for Local Government in Tasmania* states that good governance is being provided when elected members:

- · act with the highest ethical standards;
- understand their role and the role of others;
- foster trusting and respectful relationships;
- · show a commitment to risk management;
- engage in effective strategic planning;
- · follow a transparent and accountable decision making process;
- make good decisions that promote the interests of the community they serve.
- understand and abide by the law;
- · commit to continuous improvement; and
- · have good judgement.

As a democratically governed local government organisation, the role of elected members is to represent the wide range of views held within our community.

In doing so, elected members must be cognisant of the importance of respectful behaviour which is critical to the teamwork required to support a productive and highly functioning public body.

The conduct of individual elected members should align with the City's adopted values of people, teamwork, focus and direction, creativity and innovation and accountability, and be demonstrated through application of the following principles:

- · acting with integrity;
- impartially exercising the responsibilities of an elected member, in the interests of the local community;
- providing civic leadership and contributing effectively to the interests and advancement of the City of Hobart and its community;
- · contributing to the strategic vision for Council;
- upholding public trust in the office of elected member by refraining from any action or behaviour that would bring the City of Hobart into disrepute.

The following actions demonstrate behaviours which engender public confidence in the Hobart City Council and its individual elected members:

- representing the community lawfully and acting in accordance with the trust placed in the elected members of the Hobart City Council;
- treating all persons with respect and having due regard to the opinions, beliefs, rights and responsibilities of other elected members, council employees and community members;
- acting honestly and avoiding statements (verbal or in writing) or actions that would or would be likely to mislead or deceive a person;
- exercising due care and diligence as elected members and submitting to the lawful scrutiny that is appropriate to the office of a local government representative:
- endeavouring to ensure that public resources are used appropriately and in the public interest; and
- avoiding conflicts between public duties as an elected member and personal interests and obligations;

#### 6 Elected Member Behaviour Obligations

Elected members are obliged to uphold the law and actively contribute to a healthy working environment for colleagues, Council employees and the community by adhering to the highest standards of behaviour whenever and wherever they may be undertaking their duties.

The Council is committed to upholding the principle of equal opportunity by treating all people with dignity and respect.

The Council will not tolerate disrespectful conduct by elected members which would amount to unlawful discrimination, harassment (including sexual harassment), victimisation, racial and religious vilification or workplace bullying. These terms are explained below.

#### 6.1 Unlawful Discrimination

Unlawful discrimination means direct or indirect discrimination on the basis of a protected attribute.

Protected attributes are specifically listed in anti-discrimination legislation.

Protected attributes include the following:

- Age
- Breastfeeding
- Disability or impairment
- Employment activity
- Gender identity
- Industrial activity
- Intersex status
- Lawful sexual activity
- Marital or relationship status
- Status as a parent or carer
- Physical features
- Political belief or activity
- Pregnancy
- Race
- Religious belief or activity
- Sex
- Sexual orientation
- Association with someone who is identified by a protected attribute.

**Direct discrimination** occurs if a person treats another person with a protected attribute unfavourably because of that protected attribute.

Some examples of direct discrimination are:

- Not offering computer training to an older elected member because of his age and a view that they will not be a member of the Council for much longer.
- Excluding an elected member from participation on a Council Committee because of a protected attribute, for example, their religious belief or age.

**Indirect discrimination** occurs if a person imposes a requirement, condition or practice that disadvantages a person with a protected attribute and that requirement, condition or practice is not reasonable.

Some examples of indirect discrimination are:

- Holding a Council team building event at a sporting venue that does not permit access or participation by an elected member with a disability;
- Making it a requirement that elected members be members of a group or association in order to be a member of a committee.

Unlawful discrimination can occur even where there is no specific intention to do so.

#### 6.2 Harassment

Harassment occurs when someone engages in conduct that would make a reasonable person feel offended, humiliated or intimidated because of their age, race, religion, sex or some other attribute specified under anti-discrimination legislation.

Some examples of harassment are:

- · Ageist or racist comments or jokes about another elected member; or
- Isolating an elected member because they have a disability.

A person's intention or motive for conduct that constitutes harassment is irrelevant to whether unlawful harassment has taken place.

#### 6.3 Sexual Harassment

Sexual harassment means unwelcome conduct of a sexual nature where a reasonable person, having regard to all the circumstances, would have anticipated the possibility that the person harassed would be offended, humiliated or intimidated. The intention of the harasser is irrelevant.

Some examples of sexual harassment are:

- Repeatedly asking another elected member to go on a date when that person has already declined;
- Sending an email to another elected member with sexually explicit images attached.

#### 6.4 Racial or Religious Vilification

Racial or religious vilification means conduct that incites hatred against, serious contempt for, or revulsion or severe ridicule of, a person or group of persons on the basis of their race or religious belief. Serious racial or religious vilification involves a threat to harm another person or their property, and is a criminal offence.

• Some examples of racial or religious vilification are:

- Sending an email to your colleagues that ridicules individuals of a particular ethnicity;
- Making threats to harm a colleague because he is a Muslim (serious religious vilification).

A person's intention or motive for conduct that constitutes racial or religious vilification is irrelevant to whether such vilification has taken place.

#### 6.5 Victimisation

Victimisation means unfavourable treatment of a fellow elected member who reports or complains about any of the conduct covered by this policy.

Some examples of victimisation are:

- Denying an elected member access to information shared with other elected members because she has made a complaint about unlawful discrimination;
- Excluding or isolating an elected member because he has made a complaint of sexual harassment against one of your elected member associates.

#### 6.6 Bullying

Bullying is repeated unreasonable behaviour directed towards another elected member or employee of Council and that behaviour creates a risk to the health and safety of that other elected member or employee.

'Unreasonable behaviour' is behaviour that a reasonable person, having regard to all the circumstances, believes or expects would victimise, humiliate, undermine or threaten another person.

A broad range of behaviours can be considered to be bullying. Some examples include:

- verbal abuse, insults or name-calling;
- continually making jokes about a person, or singling out one person for remarks more often than others in a group;
- personal attacks, threats, intimidation and misuse of power;
- deliberate exclusion or isolation;
- deliberately withholding information from someone where that information is essential to their ability to perform their work effectively.

A single incident of unreasonable behaviour, while not bullying, may still create a risk to health and safety and will not be tolerated.

#### 7. Responsibilities

#### 7.1 Elected Members will:

- treat all people with dignity and respect,
- report any unacceptable conduct,
- ensure their behaviour is appropriate at all times and in accordance with the City of Hobart's values,
- cooperate with any investigation into, or arbitration of, a complaint made under this policy,
- maintain confidentiality regarding any complaint raised under this policy, unless the elected member has been given explicit permission by the individual bringing the complaint or they are legally obliged to provide information to appropriate authorities,
- not make or cause to make a vexatious, false or frivolous complaint,
- maintain a professional and safe work environment free from unacceptable conduct, and
- take reasonable and proportionate measures to prevent unacceptable conduct as far as possible.

#### 7.2 The General Manager will:

- assist Council in the implementation of the Issue Resolution Procedure,
- ensure that support and assistance is available to all elected members where it is required, and

# 8. Procedure for Dealing with Alleged Breaches of the Code of Conduct or this Policy

If an elected member believes that this policy or the Code of Conduct has been breached, the elected member should refer to the policy titled "Elected Member Issue Resolution" as the first means of seeking to address the matter.

In the event that a satisfactory outcome cannot be achieved, a legal process may be appropriate through a Code of Conduct complaint, as provided in section 28V of the Act, or other relevant legislation which may have been breached.

#### 9. Elected Member Commitment to the Policy

In accordance with the Council's endorsement of the Code of Conduct and this Elected Member Behaviour Policy, elected members are required, upon election (and in circumstances where the policies may be changed by the Council) to commit their adherence to the Code of Conduct and the policies which relate to elected member behaviour and support.

#### **Elected Member Attestation:**

I acknowledge that I have been elected by the community to a position of significant responsibility with the expectation that I will act in accordance with the principles and behaviours of good governance and demonstrate values which are accepted within our society.

I declare my commitment to abide by this expectation by attesting my adherence to the Elected Member Behaviour Policy.

#### 10. Policy Review

This policy will be reviewed every twelve months the Council will review its policies applying to elected members to ensure that they continue to meet the standards required by the Council and expected by the community.

#### 11. Legislative and policy references

### **Policy**

Title: Elected Member Issue Resolution

Category: Corporate Governance

Date Last Adopted:

#### 1. Overview

Elected members recognise that the democratic process of local government involves holding, and expressing, different and sometimes opposing viewpoints.

It is a normal, and vital function of this process that all views are expressed and shared in a considered and informed way.

Although all elected members must strive to engage in positive, constructive and respectful interactions, issues and/or disputes may arise.

The primary purpose of this issue resolution policy is to provide elected members with support to resolve conflicts or disputes in a manner that enables them to move forward and establish and maintain effective working relationships, so as not to damage the reputation or overall performance of the Council.

This policy should be read in conjunction with the City of Hobart's Code of Conduct and the following Council policies relating to elected members:

- Code of Conduct
- Elected Member Development and Support Policy;
- Elected Member Fitness to Undertake Duties Policy
- Elected Member Behaviour Policy
- Meeting Procedures Policy

Regular training and development will be provided to elected members to ensure awareness and adherence to the Code of Conduct and elected member policies.

#### 2. Scope

The intent of this policy is to provide an elective framework for Hobart City Council elected members who wish to resolve an issue with another elected member, or members, in an informal, conciliatory manner.

In the interests of maintaining good governance of our capital city and earning the highest level of confidence in our elected members from our community, the Hobart City Council has endorsed this Elected Member Issue Resolution policy as a complimentary document to the Elected Member Behaviour Policy and as a first recourse prior to the use of the legal framework of the Code of Conduct.

The policy does not displace any external avenues provided for by legislation for the reporting and resolution of issues and disputes. The Code of Conduct which sets out avenues for reporting real or perceived breaches by elected members.

The policy does not deal with allegations of criminal misconduct as they are to be raised with the relevant authority.

#### 3. Elected Member Issue Resolution Undertaking

In the interests of ensuring that the Hobart City Council operates as effectively as possible it is important that all elected members recognise that they hold an individual and collective responsibility to demonstrate a high standard of conduct in undertaking their duties as representatives of the community.

Where there may be interpersonal issues, the first recourse in addressing differences should involve an informal proactive approach, recognising the need for the respectful treatment of colleagues at all times.

Prior to commencing a formal Code of Conduct Complaint, elected members who are parties to any disagreement should endeavour to resolve their differences through informal discussion, recognising that they have been elected to act in the best interests of the community.

#### 4. Issue Resolution Options

Where appropriate, elected members who are parties to a dispute are encouraged to use their best endeavours to resolve their issue or dispute in a courteous and respectful manner, between themselves, stop any behaviour that is causing issues, and avoid issues escalating and threatening the effective operation of Council.

Where elected members have not been able to resolve their issue between themselves, the following informal options are available:

#### 4.1 Principal Conduct Officer

The General Manager will nominate a Principal Conduct Officer (PCO) who

will act as the first point of contact for elected members who wish to pursue informal issue resolution, with Council's assistance.

The PCO will be a senior employee of the City of Hobart, experienced in the political environment of Council and familiar with the roles and functions of the organisation and elected members.

The PCO will assist elected members in discussing available options which could provide positive outcomes, or may facilitate any other necessary arrangements to support the best possible outcomes.

#### 4.2 Respectful Conduct Advisor

Upon the request of an elected member, a Respectful Conduct Officer (RCA), who is not an employee of the City of Hobart, may be assigned to support elected members' participate in informal resolution processes.

The role of the RCA would be to provide support and practical assistance to elected members, individually or collectively.

In selecting persons to act in the capacity of RCA, the General Manager will take into account the nature of the issue under discussion, an appropriate skills-set within the local government context, experience in issues resolution and interpersonal skills which can most likely assist in resolving matters of conflict.

#### 4.3 External Assistance

Elected members wishing to undertake informal issue resolution may, in discussion with the Principal Conduct Officer or Respectful Conduct Advisor seek assistance from the Council's Employee Assistance Program provider(s), an independent facilitator, mediator, counsellor or such other assistance which they may consider appropriate in resolving the issue at hand.

Where an issue cannot be resolved in an informal manner, the formal Code of Conduct process may provide the next steps for the parties involved.

#### 5. Elected Member Commitment to the Policy

In accordance with the Council's endorsement of the Code of Conduct, the Elected Member Behaviour, Issues Resolution and Elected Member Fitness to Undertake Duties policies, elected members are required, upon election (and in circumstances where the policies may be changed by the Council) to commit their adherence to the Code of Conduct and policies which relate to elected member behaviour and support.

#### **Elected Member Attestation:**

I acknowledge that I have been elected by the community to a position of significant responsibility with the expectation that I will act in accordance with the principles and behaviours of good governance and demonstrate values which are accepted within our society.

I declare my commitment to abide by this expectation by attesting my adherence to the Elected Member Issues Resolution Policy.

#### 6. Policy Review

This policy will be reviewed every twelve months the Council will review its policies applying to elected members to ensure that they continue to meet the standards required by the Council and expected by the community.

#### 7. Legislative and policy references

## **Policy**

Title:

Category: Elected Member Fitness to Undertake

**Duties** 

Date Last Adopted:

#### 1. Purpose

The Hobart City Council is committed to enabling its elected members to fulfil their duties to the best of their abilities to ensure that the functions of the Council are achieved in accordance with legislative requirements, good governance principles and community expectations.

This policy has been prepared for elected members in support of their roles as community leaders.

Where an elected member may have known disabilities, the City of Hobart will make all reasonable and necessary adjustments to support them in fulfilling their duties of office

In the application of this policy such circumstances are not considered as related to issues of fitness to carry out the duties of office of an elected member.

In accordance with the Local Government Act 1993 (the Act), elected members have committed to undertake their roles to the best of their ability and in accordance with the law. They have also committed to take reasonable care to protect their own health and safety as well as the health and safety of others in the workplace, in accordance with the Elected Member Behaviour Policy.

The purpose of this policy is to support elected members in undertaking their roles and functions by:

 making elected members aware of when and how to access support if they cannot fulfil their duties to the best of their ability;

- outlining factors and circumstances which may impact an elected member's fitness to perform all duties in their role;
- setting out the obligations of elected members to make confidential disclosures regarding impacts on their abilities to undertake all duties; and
- Setting out the obligations of the General Manager in dealing with fitness for duty issues where they may impact an elected member and/or employees or other persons within the workplace.

#### 2. Scope

This policy applies to all City of Hobart elected members, including the Lord Mayor and Deputy Lord Mayor. This policy applies to all issues which may impact on an elected member's fitness to perform duties while undertaking their role, including without limitation, physical and psychological conditions and substance abuse.

Where an elected member is not fit to perform their duties, they may advise the General Manager as set out in this policy. Relevant arrangements will be made to either support the elected member to continue in their role or enable them to return to their role as quickly as possible.

In cases where an elected member chooses not to disclose their unfitness and to continue to undertake their duties, this may constitute a health and safety risk for both the elected member and others.

#### 3. Policy

#### Fitness for Duty and Disclosure Obligations

#### Identifying a fitness for duty concern

Elected members acknowledge that a physical or psychological impairment may impact on their fitness to carry out duty.

A person is fit for duty when they are in a mental and physical state of health which allows them to competently perform the inherent or genuine and reasonable requirements of their role in a manner which does not compromise or threaten the safety or health of themselves or others.

Common indicators of an issue concerning or impacting fitness may include:

impaired physical function;

- unexplained or excessive absences or unreasonable habitual lateness;
- problems with memory, speech or co-ordination;
- disproportionate or excessive aggressive outbursts towards another person or in response to any discussion;
- unusual drowsiness or fatigue; or
- concerning physical changes.

#### Consumption of alcohol and drugs

Elected members acknowledge that consumption of alcohol and other drugs (even if legal and prescribed), may impact on the satisfactory performance of their duties. Further, such activity may negatively impact on the working environment and affect other persons, including other elected members, Council employees and community members.

Elected members may elect to be included in the City of Hobart's random drug and alcohol testing regime which applies to employees.

In electing to participate in the regime, the procedure attached to this policy would apply.

In submitting themselves to drug and/or alcohol testing, elected members would be subject to the legal requirements relating to alcohol and drugs, as applying in the State of Tasmania.

Substance abuse which impacts on the ability of an elected member to satisfactorily undertake duties as part of their role, or which poses risks to others may result in the elected member being considered to be unfit to carry out their duties.

#### Other factors and circumstances impacting fitness

Elected members acknowledge that there are a range of other things that may impact on fitness for duty, including fatigue, general physical health, or specific health situations. This could mean an elected member's physical or mental health is temporarily affected, or affected over a longer period of time, such that their ability to function in their role may be compromised.

#### Managing Fitness for Duty

#### Disclosure by Elected Member

Where an elected member considers they may not be fit to undertake their duties, or their fitness has been compromised or restricted, or on professional medical advice their fitness has the potential to become restricted, they should notify the General Manager.

In consultation with the elected member, the General Manager will, subject to their consent, put in place appropriate arrangements to support and assist the elected member. These arrangements will be determined on a case by case basis, depending on the nature of the issue, and risks to health and safety.

#### Confidentiality and privacy

Subject to the law, the details regarding an elected member's fitness to carry out their duties, will not be disclosed, except for those persons who may be involved in the provision of support services arranged by the General Manager in consultation with the elected member.

Elected members should be mindful of any associated reputational damage to an individual elected member, where there are concerns around fitness to carry out duty. In line with the principle of respect outlined in the Respectful Conduct Policy, no public communications on such matters are permitted.

#### Assistance, external advice and referral

Assistance may include, but would not be limited to the following:

- · provision of ergonomic and rehabilitation resources;
- additional support provided by administrative staff as required;
- a medical assessment and/or return-to-full duties plan;
- access to support services (in addition to the availability of elected member assistance provided through the Council's Employee/Elected Member Assistance Program); or
- adjustment of the elected member's workload, as may be appropriate.

Where the elected member's circumstances may give rise to a work health and safety risk, or be a breach of the law, the following section applies.

#### Compliance with Legislative and Policy Obligations

#### Work Health and Safety Obligations

In accordance with the Work Health and Safety Act 2012 the General Manager is the Person Conducting a Business or Undertaking (PCBU), and is therefore responsible for work health and safety at City of Hobart workplaces, operations and activities.

Elected Members would be regarded as other persons under the legislation.

Such appropriate steps to reduce any health and safety risk may include, for example:

- restricting the use of Council resources by an elected member;
- · recommending the Councillor take a temporary leave of absence; or
- referring the Councillor to appropriate authorities where the circumstances involve broader contravention of the law

The Code of Conduct provisions, contained within the Local Government Act 1993, mandate behaviours expected of elected members.

Where behaviour is considered to be in contravention of the Code the legislation outlines the procedures to be followed by a complainant, including an expectation that effort will be made to resolve the issue which is the subject of concern, outside of the formal complaint process.

#### Possible Scenarios

The following scenarios are provided as examples only in order to illustrate how this policy may operate in practice. Failure to follow the steps outlined in these scenarios does not necessarily constitute a breach of this policy.

#### Scenario 1: I injured my foot

Step 1: Will this impact your ability to carry out duties?

You must consider whether an injury sustained at work or outside of work has the potential to impact on your performance.

If so, you must report it to the General Manager.

Step 2: Report it immediately

The General Manager will discuss the most appropriate means of assisting which could involve reducing workload and duties.

Step 3: If you take leave

In some circumstances, where a fitness issue requires temporary leave of absence, the organisation may make appropriate arrangements on your return to work in accordance with its WH&S Policy.

Scenario 2: I am taking prescription medication which makes me feel faint

Feeling faint has negative impacts on your capacity as well as your

safety at work.

If there are potential impacts from the medication on your ability to undertake duties, you must inform the General Manager.

Step 2: Disclose it to the General Manager.

The General Manager will discuss potential options to enable you to undertake your duties while minimising risks to the safety of yourself and others. This may include reducing or rearranging your workload or taking temporary leave.

Step 3: If there is a health and safety risk

Prolonged symptoms of feeling faint may prompt the General Manager to discuss a longer leave of absence or a review of medication or alternative treatments.

Scenario 3: I have noticed another elected member often shows up smelling

of alcohol

Step 1: Is their fitness to undertake their duties effectively a concern?

Are there outward serious or persistent signs that the person is

having difficulty performing their usual duties?

Step 2: Is there a health and safety risk?

If this poses a potential risk to the health and safety of the elected member and/or others, it must be reported to the General Manager

immediately.

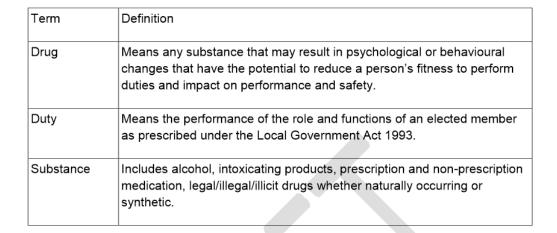

Step 3: Depending on the circumstances, and whether they have serious

concerns about health and safety, the General Manager may follow

up with the elected member and/or intervene.

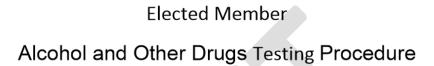

#### 4. Definitions

Term	Definition
Alcohol	Means ethyl alcohol or ethanol.

#### 5. Legislation, Terminology and References

#### 1. Guidelines

Particular processes in this procedure will be utilised as considered reasonably necessary to ensure effectiveness.

The process should ensure appropriate confidentiality for all parties.

An elected member may have a support person involved for any process contained under this procedure.

The role of the support person is to assist elected members by providing emotional support, aiding the elected member's understanding by taking notes, asking appropriate questions, or requesting breaks. A support person is not to be an advocate or speak on behalf of the elected member. An appropriate support person is a person who is not a party to a process or involved as a potential witness or who otherwise has a conflict of interest.

A support person must maintain confidentiality and understand that an elected members' fitness for work in relation to Alcohol and other Drugs is a private matter between the relevant parties, and that confidentiality of those processes should be respected at all times.

#### 2. Testing Procedures

Council is authorised to conduct testing of elected members who elect to participate in the testing regime, in accordance with the policy.

Council will engage the Testing Organisation to carry out testing for Alcohol and/or Drugs in accordance with this Procedure, Council Policy and applicable laws.

Testing must positively establish the elected member's identity.

The Testing Organisation must maintain custody of the sample and test results

until authorised by Council to release them.

Where the testing organisation reasonably suspects that a testing sample has been tampered, interfered with, or substituted the elected member must submit a second sample.

Types of testing

Illicit Drugs, Prescription Drugs and/or OTC Drugs testing will be by way of oral fluid testing (saliva).

Alcohol testing will be by way of breath analyses; and,

If requested by an elected member, subsequent blood test to confirm results of breath analyses test.

#### **Procedure for Non-Negative Test**

If an elected member participates in a test and the test returns a non-negative test result, the elected member may take the following actions:

- immediately participate in a further test in accordance with the procedure to confirm/disprove the result by;
- accept the non-negative test result and be subject to actions, prescribed under the relevant Tasmanian legislation applying to alcohol and other drugs;

In the case a non-negative test result for alcohol

- providing a blood sample for laboratory testing arranged by the Testing Organisation; or
- in the case of a non-negative test result for illicit drugs, prescription drugs and/or over the counter drugs providing further saliva samples for laboratory testing arranged by the Testing Organisation.

#### **Procedure for Negative Test Results**

If an elected member participates in a test and the test returns a negative test

result, he or she will be permitted to commence or continue with their work.

4.2 2020/21 Capital Works Plan File Ref: F20/19282; 19/77

Memorandum of the Director City Innovation of 20 February 2020 and attachment.

Delegation: Council

MEMORANDUM: JOINT MEETING OF ALL COUNCIL COMMITTEES

#### 2020/21 Capital Works Plan

#### **BACKGROUND**

Significant review and refinement of the *Proposed Capital Works Budget 2020/21* has occurred over the past 3 months. This has included involvement from all individual asset portfolio managers, project managers and Directors across all CoH Divisions.

The result of this review is a proposed capital works budget with specific projects prioritised and identified under separate Renewals, Upgrade, New, and Plant and Equipment (P&E) programs. The proposed capital works budget has considered all legislative requirements, Council decisions taken within the 2019/20 financial year, safety and risk matters, deferred or carried over projects (from previous delivery years), and commitments to the community.

The proposed capital works budget aligns with the amounted first noted by Council as part of the endorsed 2019/20 budget and meets the parameters established within Council's long-term financial management plan.

#### PROPOSED BUDGET SUMMARY

The following 2020/21 budget is proposed:

Sub-Program	Total Budget	Grants	CoH Budget
Renewals Upgrade New P&E	\$ 20,561,917 \$ 7,595,500 \$ 4,535,000 \$ 4,500,000	\$1,483,100 nil nil nil	\$ 19,078,817 \$ 7,595,500 \$ 4,535,000 \$ 4,500,000
TOTALS	\$ 37,192,417	\$1,483,100	\$ 35,709,317

#### **BUDGET HIGHLIGHTS**

- 100% funding of the 2020/21 asset renewal program.
- Clearly identifiable Renewal, Upgrade and New (RUN) program definition.
- Clearly identifiable renewal funding by asset portfolio across Roads, Buildings, Stormwater, Parks, Sporting, Bushland, Solid Waste, Public Art, Parking and future Smart Cities and Lighting
- Continuation of the significant Transforming Hobart new and upgrade capital
  works program first commenced in 2015/16, noting that new program
  investments have been appropriately wound back to under \$5 million in order to
  meet Council's asset maintenance and depreciation obligations.
- Inclusion of specific new and renewal public art funding (Council decision).
- Inclusion of all known general and specific plant and equipment requirements.
- Grant funding of \$1.48 M has been secured for the following specific projects:
  - \$335,000 towards Old Farm Road bridge replacement.
  - \$600,000 towards Lenah Valley Road bridge replacement.
  - \$548,100 for Roads to Recovery (R2R) projects.
- Identification of projects located within the proposed UTAS CBD precinct.

#### PROPOSED FORWARD PLAN

Noting and in-principle approval of years two, three and four of the proposed capital works budget will allow officers to undertake appropriate preliminary planning and consultation for forward years.

Operationally, a prioritised RUN methodology is applied to programs of work in years 2-4, and then 5-10 based on further and ongoing review during the 2020/21 financial year.

This ongoing forward program review is undertaken:

- to ensure adherence to the advice provided to Council in previous capital works budgets and associated Long Term Financial Management Plan (LTFMP) preparation; and
- in accordance with the preparation or renewal of years 2 to 10 Asset Management Plans (AMPs) and Service Plans (SPs) across Council.

#### RECOMMENDATION

That:

1. The Council endorse the proposed 2020/21 capital works budget as summarised below and as detailed in Attachment A:

Renewals	\$ 20,561,917	less \$1,483,100 grants	\$ 19,078,817
Upgrade		_	\$ 7,595,500
New			\$ 4,535,000
Plant & Equipr	ment		\$ 4,500,000
		TOTALS	\$ 35,709,317

2. The Council note the capital works plan for Years 2, 3 and 4.

As signatory to this report, I certify that, pursuant to Section 55(1) of the Local Government Act 1993, I hold no interest, as referred to in Section 49 of the Local Government Act 1993, in matters contained in this report.

Peter Carr
