EXPLANATORY NOTES

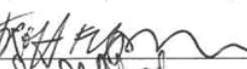

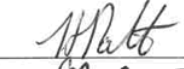

Dynnyrne Rd was re-sealed in February 2020. The result was un-satisfactory. Bituminous binder bled through to the surface, creating a nuisance for vehicles as well as pedestrians. It also got into adjacent properties and worked its way into houses, damaging floors.

After eleven months, the HCC carried out remedial work which has not proven successful. The bituminous binder is still evident particularly during warm weather and there are thousands of pieces of blue stone still loose on the surface. There appears to be no recourse other than to send this petition to the council.

PETITION

We the undersigned residents of Dynnyrne Rd, hereby request the HCC to undertake immediate remedial work on said road to make it satisfactory again.
