### 9.1 Lord Mayor Reynolds - Report on Building Site Hoardings File Ref: 13-1-10

Question: In respect to the response regarding building site hoardings provided to the City Infrastructure Committee at its meeting of 25 November 2020, the response indicated that a report reviewing standards for building site hoardings employed in other Australian cities (including the safety and appearance of building sites) would be provided for the consideration of the Committee on or before the first quarter of 2021. As we are now in April, could the Director please provide an update as to when it is expected the report will be provided for the consideration of the Committee?

Answer: The Manager City Mobility advised that extensive investigative work has been undertaken in relation to compiling the report, including comparisons in respect of other capital cities, and is therefore anticipated that the report will be submitted for the Committees consideration in May 2021.

A response was provided at the City Infrastructure Committee meeting of 25 November 2020, however did not include a comparative studies of other states and capital cities, therefore could this data be ascertained?
