Reason for condition

To reduce the risk to life and property, and the cost to the community, caused by landslides

ENV 10

Following completion of the works, and prior to allowing public access to the site, a suitably qualified geotechnical practitioner must assess the risk of rock fall/rock roll to users of the track within the Landslide Hazard Area. If the assessment determines that risk would be unacceptable without risk treatments being applied, all recommended risk treatment measures must be implemented so that the resultant risk is tolerable, prior to allowing public access to the track.

Reason for condition

To reduce the risk to life and property, and the cost to the community, caused by landslides.

ENV 11

Clearing of native vegetation and soil disturbance must not exceed a 2m wide strip along the track route, except where associated with an approved borrow pit or where the vegetation has been assessed as an unacceptable safety risk for users of the track by a suitably qualified person using an accepted best- practice assessment methodology (e.g. QTRA, VALID).

ADVICE

The following advice is provided to you to assist in the implementation of the planning permit that has been issued subject to the conditions above. The advice is not exhaustive and you must inform yourself of any other legislation, by-laws, regulations, codes or standards that will apply to your development under which you may need to obtain an approval. Visit the Council's [website](#) for further information.

Prior to any commencement of work on the site or commencement of use the following additional permits/approval may be required from the Hobart City Council.

CONDITION ENDORSEMENT

If any condition requires that further documents are submitted and approved, you will need to submit the relevant documentation to satisfy the condition via the Condition Endorsement Submission on Council's [online services e-planning portal](#). Detailed instructions can be found [here](#).

A fee of 2% of the value of the works for new public assets (stormwater infrastructure, roads and related assets) will apply for the condition endorsement application.

Once approved, the Council will respond to you via email that the condition has been endorsed (satisfied).

Where building approval is also required, it is recommended that documentation for condition endorsement be submitted well before submitting documentation for building approval. Failure to address condition endorsement requirements prior to submitting for building approval may result in unexpected delays.

ENVIRONMENTAL MANAGEMENT AND COMMUNICATIONS PLAN

Rerouting of the Sly Grog Track must be done in a manner that avoids impact to the mature eucalypts and minimises other environmental impact, is safe for the construction crew and the reserve-visiting public and minimises inconvenience for the public.

A Public Spaces By-law permit will be required for the trackworks. You can apply for the permit [here](#).

As part of the by-law permit, an Environmental Management and Communications Plan will be required, prepared by the contractor to the satisfaction of the Director City Amenity.

A template for an Environmental Management and Communications Plan can be provided by the Open Space Planning Team, call 03 6238 2488. MOTIONS OF WHICH NOTICE HAS BEEN GIVEN

**IN ACCORDANCE WITH REGULATION 16(5) OF THE LOCAL GOVERNMENT
(MEETING PROCEDURES) REGULATIONS 2015**

**12. Taste of Tasmania
File Ref: F21/50579**

Motion:

- “1. That the Council seek an urgent meeting with the Premier & or the Events Minister to discuss options for a Taste or similar event for 2021-22 in particular and not limited to a joint partnership to deliver an event in conjunction with Stallholders & other Stakeholders.
 - a) That a small delegation consisting of the Lord Mayor, Alderman Zucco and one other elected member meet with the Premier & or the Events Minister as a matter of urgency.
2. That the Council consider provide in providing in-kind assistance, advice and or staffing to assist in the delivery of any event (should one proceed) and costed accordingly.
3. Should the Government agree to a collective approach to deliver an event in 2021-22; a further report be prepared as per possible funding assistance above any in-kind assistance.
4. That should an appropriate alternative approach to deliver a 2021-22 Taste or similar event be forthcoming the CEO be delegated to negotiate with Stallholders and Stakeholders and report to Council with options and or funding requirements.
5. Should an alternative approach to deliver an event proceed; and that as part of an alternative approach being either an Authority or Committee. The CEO is delegated to nominate to partake on any such group or a nominee as directed by the CEO on the basis that no elected members form part of any such group.”

Rationale:

“The Taste has been an Iconic event across the waterfront for years and it plays an important role during the Sydney to Hobart yacht race during the busiest Tourist time of the year.

It is widely known the economic benefits that the Taste has provided Southern Tasmania and the State. It is also understandable that the HCC cannot continue to be the sole funding provider for the event and that alternative models must be considered.

I firmly believe that the Council decision of May 10th was the incorrect process to alleviate the ratepayers of Hobart from being the sole funding source for the Taste and other process should have been explored to proceed forward for a potential new funding model or partnership for an event to occur in 2021-22 and beyond.

The Council resolved that

1. The Council resolve that it no longer needs to own nor deliver the Taste of Tasmania
2. The CEO develop a transition plan to divest the City of the Exclusive ownership and delivery of the Taste of Tasmania.
3. A further report be provided to the Council with a transition plan outcome and proposal for the future of the Taste of Tasmania by the end of the 2021/2022 financial year.
4. A further report be provided to Council on the proposal for a 2021-22 waterfront summer season activation program that includes Christmas & New Year programming.
5. The new State Government be requested to honour the commitment of the previous Government to support the consideration of further options around the Taste of Tasmania.

The State Government resolved not to pursue an event in 2020-21 and on that basis it's clear that what occurred in 2021-22 is not relevant this is clarified by memos provided in 2020.

The resolution above does not direct the HCC to formally engage with the Premier or others to deliver a Taste or Similar in 2021/22.

Not pursuing urgent discussions with the Government to me is the HCC demonstrating that as the Capital City the HCC is not considering its role and importance towards the big picture of the State. Hobart is the Capital and must demonstrate leadership in particular in its important role it plays State-wide. The Sydney to Hobart Yacht race is a world renowned yacht race and it places Hobart on the World stage which has far more benefits that are not evaluated in dollar terms.

Notwithstanding that there may be "other" potential stake holders that may consider delivering an event for 2021. For the Council to simply walk away from providing in kind or financial assistance that ensures that an event is held in 2021 would be irresponsible.

Irrespective of the covid situation the Council has an obligation to either deliver or assist within reason to ensure that the Taste or similar event is delivered for 2021.

Even though the event draws tourists in the covid situation we are all having to endure an event such as the Taste allows the General public an opportunity to enjoy the stresses that covid has delivered all the community in general hence the importance of an event in 2021.

The HCC staff are aware of a timeline required to deliver such an event and time is of essence.

I have personally had discussions with various business people, Stall holders and Stakeholders including "other" events experts and also former Lord Mayor and the original Taste initiator Dr John Freeman who ALL believe that a Taste or similar events based on the original concept should be considered for 2021-22.

Considering the Premier has demonstrated his willingness to see an event is held in 2020-21 and this did proceed it would also be inconsiderate to the Premier should the HCC not seek an urgent meeting to discuss what plans the Premier may put forward for a Taste or Similar event for 2021-22 and on this point alone; it is relevant and important to officially have discussions with the Premier and or Events Minister forthwith.

It is clear and evident that the decision by the HCC on May 10th does not provide the Council with options to formally pursue or discuss options for the Council to meet with the Premier or "others" on the potential to deliver the Taste or similar in 2021-22 and not enter into any possible "partnerships" and or providing in-kind or other assistance. On that basis it is also imperative and important that the Council proceed to formalise and meetings."

The Chief Executive Officer reports:

1. The CEO and Director Community Life have met twice with senior government representatives from the Department of State Growth (that oversees cultural and tourism development). The purpose of these meetings was to implement item 5 of the Council's resolution from the 10 May 2021 Council meeting and to assist in planning for an interim event for the 2021-22 Christmas / New Year period.

At these meetings the State Government indicated a willingness to run an expression of interest process to find an events operator to run an interim event for 2021-22 while the Council continues to develop the longer term transition plan for the Taste of Tasmania.

2. The Director Community Life has continued to meet with key long term Taste stallholders who were consulted in the drafting of the report to Council and are supportive of the development of a transition plan to develop a proposal for the future of the Taste of Tasmania. They agree that taking the time to transition the Taste over an 18 month period would allow the time for a well scoped and considered new Taste style event to be planned with a strong board of governance in place to deliver the event over the 2022-23 Christmas / New Year period and further into the future.

3. Officers have undertaken some preliminary work on this transition plan.
The plan will include:
 - A focussed engagement with key Taste stallholders and stakeholders run by an experienced consultant.
 - A consultant brief that includes facilitation of stakeholder meetings, development of a governance model for the Taste based on consultation with the hospitality and events sector and a long range financial plan that considers all income and expenditure of the new event including federal, state and local government financial support.
 - Careful consideration of the Taste brand in the process of this transition.
4. As per item 4 of the Council resolution of 10 May 2021, a draft activation plan will be presented for consideration at a future Council meeting.

ZUCCO
BEHRAKIS

That the following revised motion be adopted and be taken in two parts – clauses 1 to 3 taken as part one and clause 4 taken as part two:

1. Considering the Department of State Growth has officially advertised expressions of interest (EOI) for a “Taste style” event or similar, the Council consider providing in-kind assistance, as a “one off” for 2021-22, that would assist in the delivery of any event (should one proceed) and it be costed accordingly.
 - a. The CEO be delegated to negotiate any possible “one off” in-kind assistance that maybe sought with an urgent report back to Council on the outcomes.
2. Subject to the EOI outcomes, should the State Government consider an alternative approach to deliver an event in 2021-22, a further report be prepared on any possible funding or any in-kind assistance the Council may provide.
3. Should an appropriate alternative approach to deliver a 2021-22 “Taste style” event or similar event be forthcoming, the CEO be delegated to negotiate with event stakeholders/stallholders & the State Government in particular, should a long term plan be developed on the longevity of the event, and that the CEO report back to Council with options and/or funding requirements or other requirements.

4. If an alternative approach to deliver an event proceeds, and as part of an alternative approach being either an authority, private operator or committee, the CEO be delegated to partake on any such group on the basis that the CEO considers it appropriate to do so even in the interim, subject to no elected members partaking in any such group.
