	A. Petition - Traffic Calming Measures in Haig Street Lenah Valley	2

Petition

Date: ..22nd June 2021.....

To the Lord Mayor, Elected Members and the Chief Executive Officer of the Hobart City Council, the petition of the undersigned is submitted for your attention.

State the subject matter:

With increased traffic congestion into Hobart, Haig St. Lenah Valley has become a major link road for traffic access to and from Mt Stuart and West Hobart causing excessive and speeding vehicles on a street not suitable for this volume of traffic. This has created many near misses, dangerous situations with residences attempting to exit and access their driveways. Cars parked on the street are creating blind spots and with the excessive high traffic and speeding cars going up and down at all hours it is only a matter of time before an accident occurs. With many families with small children this has become a major concern as well and we believe needs to be addressed.

State the action sought by the petitioners: Traffic calming measures to be put in place to restrict traffic volumes and speed e.g. traffic islands, speed humps, mid-block chicanes, local traffic only signage.

Total number of signatories to the petition 28

Please Note: To be a valid petition:

The full printed name, address and signature of the person lodging the petition must be provided.
