Petition to Amend Parking Restrictions – North Hobart

We, the residents, and shoppers of North Hobart petition Hobart City Council to remove the parking metres recently installed in Elizabeth Street and the adjoining side streets and return free 30-minute parking. We further demand that the 30-minute limit only be enforceable between 9.00am and 6.00pm with unrestricted parking at all other times.

The present parking restrictions are not only confusing but have no logic. We therefore demand that Hobart City Council implement the above changes immediately before our local retail facilities are lost through shop closure and or relocation.

(no parking metres Sundays)

Petition to Amend Parking Restrictions – North Hobart

We, the residents, and shoppers of North Hobart petition Hobart City Council to remove the parking metres recently installed in Elizabeth Street and the adjoining side streets and return free 30-minute parking. We further demand that the 30-minute limit only be enforceable between 9.00am and 6.00pm with unrestricted parking at all other times.

The present parking restrictions are not only confusing but have no logic. We therefore demand that Hobart City Council implement the above changes immediately before our local retail facilities are lost through shop closure and or relocation.

Petition to Amend Parking Restrictions – North Hobart

We, the residents, and shoppers of North Hobart petition Hobart City Council to remove the parking metres recently installed in Elizabeth Street and the adjoining side streets and return free 30-minute parking. We further demand that the 30-minute limit only be enforceable between 9.00am and 6.00pm with unrestricted parking at all other times.

The present parking restrictions are not only confusing but have no logic. We therefore demand that Hobart City Council implement the above changes immediately before our local retail facilities are lost through shop closure and or relocation.

Petition to Amend Parking Restrictions – North Hobart

We, the residents, and shoppers of North Hobart petition Hobart City Council to remove the parking metres recently installed in Elizabeth Street and the adjoining side streets and return free 30-minute parking. We further demand that the 30-minute limit only be enforceable between 9.00am and 6.00pm with unrestricted parking at all other times.

The present parking restrictions are not only confusing but have no logic. We therefore demand that Hobart City Council implement the above changes immediately before our local retail facilities are lost through shop closure and or relocation.

Petition to Amend Parking Restrictions – North Hobart

We, the residents, and shoppers of North Hobart petition Hobart City Council to remove the parking metres recently installed in Elizabeth Street and the adjoining side streets and return free 30-minute parking. We further demand that the 30-minute limit only be enforceable between 9.00am and 6.00pm with unrestricted parking at all other times.

The present parking restrictions are not only confusing but have no logic. We therefore demand that Hobart City Council implement the above changes immediately before our local retail facilities are lost through shop closure and or relocation.

Petition to Amend Parking Restrictions – North Hobart

We, the residents, and shoppers of North Hobart petition Hobart City Council to remove the parking metres recently installed in Elizabeth Street and the adjoining side streets and return free 30-minute parking. We further demand that the 30-minute limit only be enforceable between 9.00am and 6.00pm with unrestricted parking at all other times.

The present parking restrictions are not only confusing but have no logic. We therefore demand that Hobart City Council implement the above changes immediately before our local retail facilities are lost through shop closure and or relocation.

Petition to Amend Parking Restrictions – North Hobart

We, the residents, and shoppers of North Hobart petition Hobart City Council to remove the parking metres recently installed in Elizabeth Street and the adjoining side streets and return free 30-minute parking. We further demand that the 30-minute limit only be enforceable between 9.00am and 6.00pm with unrestricted parking at all other times.

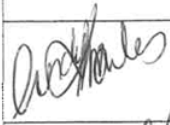

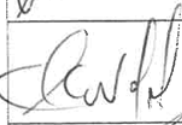

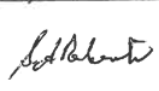

The present parking restrictions are not only confusing but have no logic. We therefore demand that Hobart City Council implement the above changes immediately before our local retail facilities are lost through shop closure and or relocation.
