3. CONSIDERATION OF SUPPLEMENTARY ITEMS

Ref: Part 2, Regulation 8(6) of the *Local Government (Meeting Procedures) Regulations 2015*.

Recommendation

That the Committee resolve to deal with any supplementary items not appearing on the agenda, as reported by the Chief Executive Officer.

No supplementary items were received.

4. INDICATIONS OF PECUNIARY AND CONFLICTS OF INTEREST

Ref: Part 2, Regulation 8(7) of the *Local Government (Meeting Procedures) Regulations 2015*.

Members of the Committee are requested to indicate where they may have any pecuniary or conflicts of interest in respect to any matter appearing on the agenda, or any supplementary item to the agenda, which the Committee has resolved to deal with.

No interest was indicated.

5. TRANSFER OF AGENDA ITEMS

Regulation 15 of the *Local Government (Meeting Procedures) Regulations 2015*.

A Committee may close a part of a meeting to the public where a matter to be discussed falls within 15(2) of the above regulations.

In the event that the Committee transfer an item to the closed portion, the reasons for doing so should be stated.

Are there any items which should be transferred from this agenda to the closed portion of the agenda, or from the closed to the open portion of the agenda?

No items were transferred.

8. QUESTIONS WITHOUT NOTICE

Section 29 of the *Local Government (Meeting Procedures) Regulations 2015*.
File Ref: 13-1-10

8.1 Alderman Behrakis - Anti-Social Behaviour - CBD

Question: Can the Director advise what action the Council is taking to address the anti-social behaviour concerns of CBD business owners.

Answer: The Director Connected City took the question on notice.

8.2 Deputy Lord Mayor Burnet - Transport Emissions

Question: The Grattan Institute released a report earlier this week which focussed on the harmful transport emissions in 2 of Australia's larger cities Melbourne and Sydney. The report which can be read here [The Grattan truck plan: practical policies for cleaner freight](#) notes that the hidden health impacts of cardiovascular disease including heart attack and stroke, pulmonary conditions such as asthma have a huge financial and economic burden on Australia. It also says that transport accounts for 3% of Australia's greenhouse gas emissions. The report suggests a phasing in of low emissions transport.

[Ban old trucks from big cities to save lives: new Grattan Institute report](#)

Whilst there appears to be no data on Hobart in this report, can the Director please provide advice on the impacts of diesel and petrol fumes and the overall greenhouse gas emissions burden and any health data relating to particulates from transport emissions?

Would there be similar benefits if Hobart were to phase out old trucks, especially with the possibility of older vehicles delivering Tasmania's freight?

Are we e-vehicle-ready? Could the Director please provide information as to the use and subsequent benefit of the Dunn St e-vehicle charging place?

On Monday evening, the Council gave planning approval for e-vehicle charging functions as part of the Lefroy St car park extension. What other e-vehicle fast charging facilities are being considered?

Answer: The Director City Futures took the question on notice.

8.3 Deputy Lord Mayor Burnet - Motor Vehicle Accidents

Question: Sadly, the number of road death this year in Tasmania roads is already 39, surpassing last year's total of 35 deaths. The impact on motor vehicle accidents is far-reaching across many Tasmanian communities. Similarly, the US road toll figures have been reported as sky-rocketing as reported in this article.
<https://www.npr.org/2022/08/25/1119110757/traffic-deaths-car-accident-hoboken-new-jersey-vision-zero>

The article also explains that the city of Hoboken in New Jersey has achieved zero road deaths in 4 years by introducing among other things some very simple traffic devices.

What is Council doing to reduce motor vehicle accidents?

Would more separated bike lanes (including for e-scooter use) be part of that solution, especially to help vulnerable road users?

Would a Vision Zero plan for a city such as that set by Hoboken, New Jersey be suitable for Hobart?

Answer: The Director City Futures took the question on notice.

8.4 Lord Mayor Reynolds - Signage Audits

Question: Does the City undertake regular audits of signage to identify where signage may have gone missing?

Answer: The Director City Life took the question on notice.

8.5 Lord Mayor Reynolds - Parking Space Utilisation North Hobart

Question: Can the Director provide an update on the utilisation of all car parks in North Hobart that have an in-ground sensor.

Answer: The Director City Futures took the question on notice.

8.6 Lord Mayor Reynolds - Speed Limit Reduction Hill Street.

Question: On 2 October 2022 the Council resolved to write to the Transport Commissioner to request consideration be given to a 40km/h speed limit for Hill Street between Molle and Arthur Street. Was that request sent?

Answer: The Director City Futures took the question on notice.

9. CLOSED PORTION OF THE MEETING

BEHRAKIS

That the Committee resolve by majority that the meeting be closed to the public pursuant to regulation 15(1) of the *Local Government (Meeting Procedures) Regulations 2015* because the items included on the closed agenda contain the following matters:

- Minutes of a Closed Committee meeting

The following items were discussed: -

- | | |
|--------------|--|
| Item No. 1 | Minutes of the last meeting of the Closed Portion of the Committee Meeting |
| Item No. 2 | Consideration of supplementary items to the agenda |
| Item No. 3 | Indications of pecuniary and conflicts of interest |
