42 King Street  
SANDY BAY 7005

Friday, 21<sup>st</sup> July 2017

The Mayor  
Hobart City Council  
GPO Box 503  
HOBART 7001

Dear Madam

**Re: A Submission for - Rectification of unsightly facade at the rear of Magnet Court, Sandy Bay between Princes Street and Sandy Bay Road and consistent regular illegal parking**

---

In conjunction with this submission, we have studied the Draft Street Tree Strategy 2017 and have endorsed many of the strategies and observations it addresses.

Our interpretation of the strategy graphically illustrates how this precinct has been ignored.

The initial planning permission for Magnet Court had little regard for the streetscape; sanctioning a Commercial/Industrial facade opposite a delightful streetscape of "cottages" which are much admired.

We propose two courses of action be addressed.

1. Provision of trees for reasons of beautification and other benefits as outlined in the Strategy e.g. Page 14 – 3.2 "One study noted the particular benefits to drivers who were reported to have reduced stress levels when they viewed natural roadside views compared with those who were exposed to all-built settings". and 3.3 – Street trees benefit our physical health.
  2. Physical barriers (including the trees) to eliminate the continued illegal use of Commercial vehicles parking on the footpath in what is clearly a designated "no standing" zone.
-

. 2 .

Not only does the illegal parking create traffic stress but often forces pedestrians out onto the road to avoid these parked vehicles.

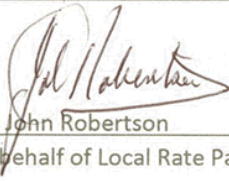

These views are strongly endorsed by the local community.

We suggest a meeting with relative council officers responsible for implementing the relevant outcomes.

Yours faithfully

Ms Anne O'Rourke                      Mobile 0409 906 423

Mr. John Robertson                      Mobile 0407 631 165  
On behalf of Local Rate Payers

Cc Manager, Parks and Vegetation

Encl. photos and petition supporting the submission

**Petition** to Hobart City Council to rectify the unsightly facade at the rear of Magnet Court, Sandy Bay between Princes Street and Sandy Bay Road and the consistent regular illegal parking of Commercial vehicles in a "no standing zone".

Suggested planting of appropriate trees on this "strip" to eliminate the illegal parking and beautify the area.

# Petition

Date: 12/09/17

Parents and friends of Albeura Street Primary School request that you take action to improve the safety for children walking to and from school.

About 50% of the children at our growing school either walk or ride to school or walk part of the way to school. Our school is surrounded by busy city streets with some cars travelling fast and recklessly.

We have observed and reported several danger points in the streets around the school and we would like to see them fixed. Our main concerns are:

- The timing of the traffic lights near the school in Sandy Bay Road is too short and does not allow for pedestrians to adequately cross.
- The island refuge at the school entrance in Byron Street needs extension and curb outstands installed so that children crossing here can be seen and can see cars coming.
- The island on Molle Street close to the school is narrow and unsafe and needs upgrading.
- Parking and traffic flow in Albeura Street needs attention, with consideration given to 'kiss and drop zone' instead of the extended parking bays.

Total number of signatories to the petition..... 99

# Petition

Parents and friends of Albeura Street Primary School request that you take action to improve the safety for children walking to and from school.

About 50% of the children at our growing school either walk or ride to school or walk part of the way to school. Our school is surrounded by busy city streets with some cars travelling fast and recklessly.

We have observed and reported several danger points in the streets around the school and we would like to see them fixed. Our main concerns are:

- The island refuge at the school entrance in Byron Street needs extension and curb outstands installed so that children crossing here can be seen and can see cars coming.
- The timing of the traffic lights near the school in Sandy Bay Road (St Georges Terrace) is too short and does not allow time for pedestrians to adequately cross.
- At the bottom of Byron Street, car parking bays are too close to the pedestrian crossing, restricting view both for cars and pedestrians.
- Parking and traffic flow in Albuera Street needs attention, with consideration given to illegal parking within the crossing and on the nature strip and the necessity of cars entering from Molle Street to perform 3 point turns, often crossing the footpaths.
- The island on Molle Street close to the school is narrow and unsafe and needs upgrading.
