LETTER OF SUPPORT – HUON REFUGEE SUPPORT GROUP

Huon Refugee Support Group Inc.

130 Gospel Hall Road

Gardners Bay TAS 7112

7.02.2023

To whom it may concern:

Arad Nik has been talking to me for some time about his wish to create a space marked by a living tree where women can gather representing a safe and somewhat spiritual place. As I understand it, it will also serve the purpose of remembering the suffering and death of women around the world particularly where they are often the collateral in wars and governmental decisions. It will also be a place where anyone can gather to reflect on our humanity – something we don't do enough.

As the representative of the Huon Refugee Support group Inc I would like to express my heartfelt support of this project as many of the people we support are displaced women.

I look forward to hearing about the progress and if there is anything we can do to assist in the facilitation, please do not hesitate to contact me.

Kind regards
