To whom it may concern,

Grassroots Action Network Tasmania (GRANT) would like to express our full support of the Iranian community and its plans to plant a Cypress tree to commemorate all the brave individuals who are standing up for Women, Life and Freedom in Iran. It is fantastic to hear that the Hobart city council is working towards finding an appropriate location for this monument, hopefully one that can help remind the public that the freedoms we enjoy should be shared across the world.

Kind regards

Potto on behalf of Grassroots Action Network Tasmania.
