COMMITTEE RESOLUTION:

That the Hobart Workshop Committee receive and note the minutes of the Place and Wellbeing Committee of 2 September 2025, marked as attachment A of the Open Hobart Workshop Committee Agenda of 8 December 2025.

7. ITEMS FOR WORKSHOPPING

The City of Hobart utilises the workshop forum as allowed under the *Local Government (Meeting Procedures) Regulations 2025* as a mechanism to receive information in relations to specific matter.

In accordance with the Terms of Reference of the Committee, any matter that is listed on the agenda for workshoping may not be the subject of a Committee decision, other than a resolution that the item be noted.

7.1 Cornelian Bay Track Management **File Ref: F25/77762**

David Reeve, Director Infrastructure and Assets; Sean Black, Manager Open Space and Helen Allsopp Project Officer Tracks provided a presentation on the Cornelian Bay Track.

The presentation responds to a Council decision.

That the Council requests a report into:

- 1. The damaged section of the Cornelian Bay track that has led to its partial closure;*
- 2. The work required to repair or traverse the damaged part of the track; and*
- 3. The possibility of transferring the ownership from the Royal Tasmanian Botanical Garden, which currently owns the land.*

The Committee noted that the five options for Council in relation to this track are:

- Option 1 – Shift Rail Crossing to CoH Track
- Option 2 – RTBG Retains Land & Decommissions Track
- Option 3 – RTBG Lowers Service Level (Class 4 Track
- Option 4 – RTBG Lease/Licence to CoH
- Option 5 – RTBG Transfers Land to CoH

The Committee discussed the pros and cons for the five options and provided the following comments

- Concern was expressed over the RTBG / State Government not funding any of the improvements.
- Issues around heritage and appropriate consultation with aboriginal community.
- The effects of Climate Change – the area of the track is likely to be under water in the next 20 to 30 years. Is it worth spending money on upgrading the track knowing about the future inundation issues?
- Keen to see the walking track improved as the bike cycleway should not be used to replace a walk way.
- The section of track should be considered as part of the Cornelian Bay Master Plan.
- The need to have a 'counter' installed so that data can be collected on the number of people who use the track. If a lot of people use the track, then any improvements may be worth doing.
- The need to have further conversations with RTBG to get an idea of what they have planned, as we have noted that there is some funding in relation to this track (listed in their strategic plan); and the possibility of working with RTBG so that any of the work they have planned is linked to our plans in the area.
