

SENIOR EXECUTIVE MISSION – Europe

Sunday 20 – Saturday 26 November 2016

Final Program

LOCATION

HUNGARY, GERMANY AND ENGLAND

PURPOSE

- The mission will provide the opportunity for the University and the Hobart City Council to collaboratively explore how strong partnerships between universities and cities can create social, cultural and economic benefits and act as catalysts for regional rejuvenation and growth.
- Delegates will attend the Academic Cooperation Association Annual Conference 2016 *UniverCities – Higher education institutions and their habitat* in Budapest, Hungary 20-22 November.
- Following the conference, the mission will travel to Freiburg, Germany and Cambridge, England to further explore the concept of university cities through dialogue with civic and university partners and potentially investigate opportunities for civic relationships.
 - Freiburg City, exemplifies the ‘university city’ concept and best practice in sustainability, innovation, regional development and urban renewal.
 - Cambridge City, England, illustrates the impact of university infrastructure programs and the leveraging of national policy priorities and funding opportunities.
